

Kingston Netball Social Club (KNSC)
C/O 16 Freesia Crest,
Kingston
TAS 7050

<DATE>

Dear <NAME>,

This letter is an official document that resolves Kingston Netball Social Club of any liabilities as a result of injuries sustained due to your surgically implanted piercing/s. Surgical implanted jewellery is permitted provided players sign a waiver.

By signing this letter you understand that KNSC is not responsible for any injuries that affect your implant area. By playing with said piercing you accept any increased risk of harm to yourself caused by this piercing in the course of the game, and that you indemnify KNSC and its Officers from action, including but not limited to collisions with other players.

KNSC also insists for you to be able to play the implant area needs to be covered; this not only protects yourself but protects other player's safety. The cover/strapping needs to be sufficiently taped so that it will not move or come off during a game, and the umpire needs to be satisfied that it is not danger to any other player.

Signed

Witnessed
